

REMARKS

The application is allowed with claims 1-16.

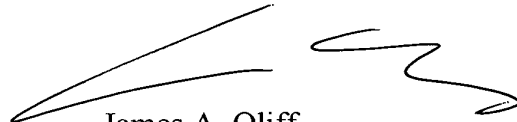

By this Amendment, the specification is amended. No new matter is added.

In particular, the amendments to the specification are supported by the originally filed Fig. 8. The amendments to the specification are needed so that the description of Steps S7 and S1 is consistent with the disclosure of Fig. 8.

Entry of these amendments is proper under 37 C.F.R. §1.312 because the amendments do not affect the scope of the claims and are necessary for proper disclosure. Further, there is no substantial amount of work necessary by the Examiner to review and approve these changes.

Accordingly, entry of the above amendments to the specification is respectfully requested.

Respectfully submitted,
